JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 8 April 1968

25X1 1. [] Met with Mr. Boyd Crawford, Staff Director, Foreign Affairs Committee, and received from him copy number nine of the transcript of General L. L. Lemnitzer of 2 April 1968. The transcript has been forwarded to [] for review.

25X1

25X1 2. [] Met with Mr. Gary Cunningham, Administrative Assistant to Representative Thomas B. Curtis, and provided a draft response for Representative Curtis' use in responding to a member of the Missouri State Legislature on the question of CIA relationship to the "Governmental Research Institute". Mr. Cunningham appreciated the Agency assistance provided.

25X1 3. [] Met with Miss Barbara Bengston, Personal Secretary to Senator Miller, but was unable to reconfirm the breakfast arrangements for Wednesday, 8 April. The Senator has been away from the city since Friday and has not been back to his office since returning to the Hill today. Miss Bengston called later in the day and canceled the Wednesday appointment.

25X1 4. [] Met with Mr. James Wilson, House Science and Astronautics Committee staff, with regard to the recent Soviet space event and advised him, in effect, that so far there are no additional projections warranted other than those that have appeared in the press.

25X1 5. [] In connection with her earlier inquiry, I advised Miss Alice Lawton, in the office of Senator Gaylord Nelson, that the Intelligence Review was published by the military and suggested that she contact the Pentagon with respect to it. I added that the National Intelligence Survey was a classified publication which was not available to the public. Miss Lawton said this gave her the information she needed, and thanked us for our assistance.
